

ZOEKSTRATEGIE NHG-STANDAARD MISKRAAM

Het aantal gevonden artikelen per uitgangsvraag staat vermeld tussen vierkante haken.

Relevante artikelen die verschenen na de oriënterende en specifieke searches zijn in voorkomende gevallen uiteraard ook meegenomen. Nieuwe artikelen werden getraceerd door middel van een 'eindsearch' voorafgaand aan het interne overleg over de concept-standaard. Het selectie- en beoordelingsproces bij de nieuw gevonden artikelen was hetzelfde als bij de initieel gevonden artikelen.
